FLUSH MOUNT SYSTEM

Our flush mount system mounts a garage door so that the door cladding is flush with the surrounding façade instead of set back. This on-trend approach provides the appearance that your sectional garage door seamlessly integrates to the front of your home; only to be noticed when the door actually begins to open. Providing visual impact, scale and a true façade appearance, flush mount doors are the key to creating external individuality in new home construction and renovations. Choose from our own Designer Series options or talk to us about applying your own choice of door design.

BIOWOOD

Durable and strong, Biowood is a wood-plastic composite architectural product which is low maintenance and environmentally friendly. This means that you spend less time worrying about it and more time enjoying your garage door and/or façade. Biowood is termite, fire, water, mould and mildew resistant, in fact it's a highly versatile material well suited to Australia's varied climate.

PRODEMA PRODEX

Prodema Prodex is a stunning, unique and natural timber product, ideal for both standard and flush-mounted doors. It uses a highly resistant outer film that protects your door from nature's elements, and is totally maintenance free. It is also anti-graffiti and non-stick, preventing organic matter from developing on the panel's surface and reducing the build-up of dust and dirt from ambient pollution. Prodema Prodex is environmentally certified, guaranteeing it is manufactured with raw forest materials and managed in a socially and environmentally responsible way.

The name Australia knows and trusts, B&D® was founded by two Australian innovators Arthur Byrne and Paul Davidson. Our new range of garage doors – The Designer Series by B&D® – reflects their wonderful originality, individuality and ability to think outside norms. While integrated design is a feature of this new direction for B&D®, safety for all precious things behind our doors is still paramount.

Safe and secure design is our priority, helping protect the things you hold precious. Our commitment to quality flows through everything we do. You can always rely on our build quality and commitment to safety to stand the test of time. Our latest Designer Series of garage doors brings together cutting edge technology, beautiful design options and proven reliability that only 60 years of experience can deliver.
